Message from THE SECRETARY

Widespread poverty causes divisiveness and chaos among our nation. We may not completely eradicate it, but we may alleviate the lives of our countrymen through the implementation of Sustainable Livelihood Program (SLP). Our Theme “Innovative and Inclusive Change through DSWD’s Efforts on Bridging Opportunities for Livelihood” clearly depicts our vision of enabling the vulnerable, under privileged and marginalized sectors to develop a dignified source of living and thus protect them from potential management abuse.

The following “Mga Kwento ng PagSibol” demonstrates the effect of our community-based capacity building program and the difference that it made in the lives of our fellow Filipinos.

By allowing them to learn entrepreneurial and labor skills for self-sufficiency, we are opening the doors of opportunity for the development and management of resources viable for micro-enterprises and employment facilitation. This is in line with the State’s policy to promote a just and dynamic social order that will ensure the prosperity and independence of the nation and free the people from poverty through policies that provide adequate social services, promote full employment, a rising standard of living, and an improved quality of life for all.

To the SLP Cluster, to the Head of Operations Undersecretary Aimee Neri, to Assistant Secretary Rhea Penaflor, to the National Program Manager Dir. Restituto Macuto, and to all those who compose the SLP Cluster, I salute you for a job well done. Your astounding performance has greatly helped our agency as well as the SLP Beneficiaries. Thank you for fulfilling the DSWD’s mission of providing social protection to the poor, vulnerable and marginalized sector. The government cannot do it alone without your pro-active participation, needless to say, we must have a participative governance with the end goal of promoting an improved quality of life for all.

The Department of Social Welfare and Development (DSWD) Sustainable Livelihood Program (SLP) envisions self-reliant communities who are economically-active and are contributing to local economic development through various livelihood initiatives and other income-generating projects.

While it is true the SLP provides different modalities and resources for the development of microenterprises of its program participants, the main challenge lies on the continuity and the sustainability of the projects through efficient mainstreaming efforts and effective collaboration and partnerships. 

BAYAMBANG'S “REBOLUSYON LABAN SA KAHIRAPAN”

**National Winner- PANATA GAPAS Awards 2019 for Best LGU Implementing Outstanding SLP - Microenterprise Development*

Bayambang is a bustling first-class municipality in the southern part of Central Pangasinan (3rd District) with a population of 118,205 as of 2015.

On the same year when the second round household assessment of Listahanan / National Household Targeting System for Poverty Reduction (NHTS-PR) was conducted, 5,913 were identified poor from the 22,649 assessed households.

The major sources of livelihood in Bayambang are farming and freshwater catch raising. The town is a part of the great Central Luzon plain where the Agno River drains, making the 12,225 hectares of arable land very fertile and conducive to farming.

Annually, the Local Government of Bayambang allots Php1.5 million for livelihood programs under its Annual Investment Program (AIP). This is mainly utilized for the skills and technical trainings of unemployed constituents to develop and hasten their skills on sustainable livelihood projects in the promotion of employment opportunities.

For 2018, the Local Government Unit (LGU) has allocated an additional Php30 million for its livelihood program for the implementation of gender-responsive sustainable income-generating projects and social protection programs for farmers, fisherfolks, and out-of-school youths.

Thus, strengthening the ideals of the Bayambang Poverty Reduction Plan 2018-2028 which is the love-child of Bayambang's "Rebolusyon Laban sa Kahirapan".

The Bayambang Poverty Reduction Plan (BPRP) 2018-2028 of Bayambang, Pangasinan is a long-term strategic plan anchored on the Regional and the Philippine Development Plan 2017-2022. Both of which are geared towards the Ambisyon Natin 2040 which articulates the Filipino people's collective vision of a matatag, maginhawa, at panatag na buhay para sa lahat. It also takes into account the country's international commitments to the 2030 "Sustainable Development Goals." With the BPRP duly approved by local policymakers and higher authorities, Bayambang can together run the cross of poverty into an inspiration.

Within the scope of the BPRP 2018-2028, the Local Government Unit (LGU) of Bayambang through key LGU departments (e.g. Municipal Social Welfare and Development Office, Public Employment Service Office, Municipal Agriculture Office, Municipal Cooperative Development Council, among others) spearheaded the proactive coordination with DSWD SLP in its implementation. Through its course, the LGU was able to assist in the accreditation of the Masagana SLP Association under the Cooperative Development Authority (CDA), thus bringing the Masagana SLP Producers Cooperative into life.

Through promotion of an enabling environment and an ease of doing business practice, the LGU of Bayambang created the Municipal Cooperative Development Council (MCDC) by virtue of Executive Order No. 24 s. 2018. The MCDC facilitated various orientations, trainings and seminars, and other technical assistance provision to thriving businesses, especially the Masagana SLP Producers Cooperative, which resulted to the registration of seven (7) cooperatives, with Masagana SLP as the first and the only SLPA turned cooperative in the whole Region.

The Masagana SLP Producers cooperative, with twenty-three (23) out of ninety (90) registered participants have pursued the mainstreaming efforts of the SLPA through the technical assistance of the LGU. The SLPA is now registered under the Bureau of Internal Revenue (BIR) as well. through the assistance of the Municipal Social Welfare and Development Office led by Lerma Padagas.

Likewise, through the MCDC, a total of eleven (11) SLP Associations were facilitated for registration under the Department of Labor and Employment (DOLE) in 2018. The SLP Associations included Hermoza Farmers SLPA; Aangat Tayo SLPA; Manambong Norte Workers Association; Masaganang Maigpa Workers SLPA; Warding Farming SLPA; San Vicente Rice Retailers SLPA; Managos Farming SLPA; Pangdel Rice Retailers SLPA; Manambong Sur Farmers SLPA; Mangabol Workers SLPA; and Bani Delicious Ice Cream SLPA.
